

IN THE DRAWINGS:

One replacement sheet is attached. The Replacement Sheet includes on Fig. 1A, 1B and 1C the changes required by the Notice of Missing Requirements.

The Replacement Sheet is attached without changes as formal drawings.

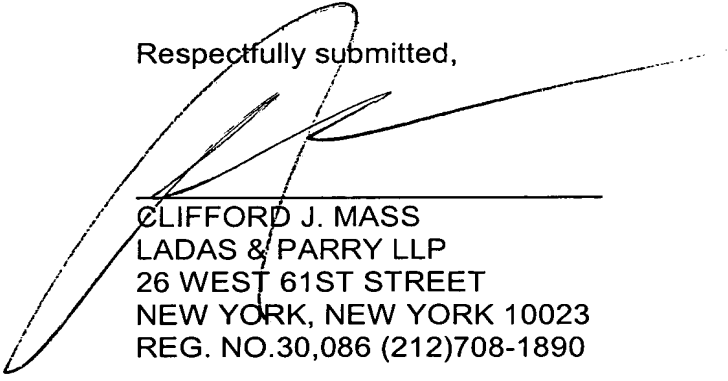

REMARKS

The above amendatory action is taken to eliminate multiple dependencies from the claims so as to avoid excess claim fees without narrowing the scope of the claims.

The Replacement Sheet of drawings show the changes required by the Notification of Missing Requirements.

It is respectfully requested that the above amendatory action be taken prior to an examination of the application on the merits.

Respectfully submitted,

---
